

It's Skate Zone Scramble Time!

The Skate Zone Fun Center has teamed up with Homework Express to bring viewers another "Skate Zone Scramble" season! The Skate Zone is the largest indoor and outdoor fun center in the tri-county area. Located on Mahoning Avenue in Austintown, the Skate Zone has an abundance of activities including roller skating, laser tag, bumper cars, Adventure Golf, Web City, Bounce Zone, and an arcade.

YSU junior Shawna Horvath has reinvented last year's Skate Zone prize give-away segment by creating new scrambled words, graphics, and a catchy intro to launch the new piece to the Homework Express puzzle. Shawna has taken many words that

relate to the Skate Zone and mixed up the spelling of each word. When viewers see the scrambled word appear on the show, they must be the first to call in with the correct answer to win the Skate Zone prize.

Birds of prey swoop onto HX set

As always, Jim Kerr, curator of the Beaver Creek Wildlife Education Center, put on quite a show with his life like birds of prey. Bringing in these masters of the sky, Jim was quite informative about respecting these wonderful creatures that many of us can find in our own backyards. Accompanying him on his visit on the 24th of January were taxidermy birds which included a Great Horned Owl, Snowy Owl, Red Tailed Hawk, and a Cooper's Hawk. If you would like to find out more information about these brilliant birds or the Beaver Creek Wildlife Education Center you can contact President Kathy Lewis at (330) 424-3881.

HX anywhere in the world

Whether you're in the humidity of the jungle, in the chilly parts of Canada, or even in the fields with some cows, you can watch Homework Express live! When logging onto the Homework Express website, there is a drop down menu for live streaming video. By clicking on that, you can watch Homework Express anywhere in the world!

Senior Tony Marr came up with the idea to entice more viewers to watch Homework Express streaming live online. Tony created these segments to be much like the comical Shout Outs. After coming up with an

imaginative approach for an interesting minute long segment, Tony stated, "It's not very easy! I'm just trying to find the most obscure ideas that our targeted demographic would find funny!"

This segment adds another humorous entertainment element to the show. Live streaming is powered and provided by Networks Online, a generous company based out of Girard, Ohio. Without our friends at NOI.net, none of this would be possible, we are truly grateful. To see what other services Networks Online has to offer, check out their website at www.noi.net.
